

The VOH1N0

Naramata's Newspaper

Imagine reaching 3000 of the most captive readers with your message!

The VOH1N0 is a publication that is written by Naramations and is for any curious reader. We distribute to over **1300 households** and over **3000 readers once a month!** The VOH1N0 arrives in mailboxes at the middle of every month throughout the VOH1N0 postal code, all the way down Naramata Road Past Spillers Corner and into the Upper, Lower and Middle Bench area.

Reaching our Readers with your Business
Unlike the average everyday newspaper our readers read our publication from cover to cover. I've had Naramations say to me "I pour a cup a coffee, climb into bed in my jammies and read, read, read!" Your ad is guaranteed to reach our readers! And if you need help creating an ad or even a logo Corina just happens to specialize in that area!
